

## Open Spaces, Parks, and Recreation Facilities

The Village of Greenhills, by design was to provide every residence access to open spaces and parks. Some of the green spaces were developed as playgrounds, fields to practice sports, or common areas for residents to get together during festivities. The Village offers a 17 acre Recreation Complex that includes community center/banquet hall, municipal pool, waterslide and bathhouse, par three golf course, tennis courts, and a picnic pavilion/shelter. In addition the Village owns 35 acres of neighborhood parks, and more than 30 acres of equipped municipal parks, including Palma Park, Spoils Field, Burley Field, and Foxworth Park. The list below is an inventory of open spaces, parks, and recreation facilities available to residents in 2009.

## Tree Maintenance in Greenhills<sup>1</sup>

Trees are an integral part of the image of Greenhills. Many trees planted in the late 1930s have reached full maturity and tree-lined streets grace the neighborhoods of the Village. To ensure the maintenance and upkeep of the trees in the right of way (ROW) of streets and public spaces, the Village of Greenhills joined the Tree City USA<sup>®</sup> program in 1985; 2009 marks Greenhills' 24th consecutive year for Tree City USA<sup>®</sup> designation.

The Tree City USA<sup>®</sup> program, sponsored by the Arbor Day Foundation in cooperation with the USDA Forest Service and the National Association of State Foresters, provides direction, technical assistance, public attention, and national recognition for urban and community forestry programs in thousands of towns and cities throughout the nation. .

To qualify for Tree City USA<sup>®</sup>, a town or city must meet standards to ensure that the community has a viable tree management plan and program. The Village of Greenhills does not have an urban forester on staff, but it has used consultants over the years for studies. Most recently, Rick Grounds Care Management (tree service) has served as the certified arborist for the Village.

Greenhills has a tree inventory that lists every tree in the Village that is located in the public Right of Way (ROW), its type, condition, and maintenance schedule.

The Village passes an "Arbor Day" resolution each year declaring Arbor Day and conducts a planting ceremony that is traditionally well attended and televised on local cable access.

Chapter 941 of the Greenhills Codified Ordinances establishes the Forestry District for the purposes of maintaining the trees in the ROWs and parks. Chapter 553 of the Codified Ordinances, "Trees and Weeds," further discusses tree maintenance and planting of street trees as well as property owner responsibilities, permits for cutting, etc. The Shade Tree Fund, renewed for 2004 through 2013, creates a source of funding of \$40,000+ annually that is appropriated for both tree maintenance and plantings (including leaf collection, trimming and removal of shade trees in and along the streets). This does not include the Service Department labor and equipment costs. Estimated cost of such work is \$46,500 annually.<sup>2</sup>

## Greenhills Fire Department<sup>1</sup>

The Greenhills Volunteer Fire Department serves Greenhills, Ohio. Since 1938, the Greenhills Volunteer Fire Department has provided emergency response for both Fire protection and Emergency Medical Services as an all volunteer department. The Greenhills Fire District includes the Village of Greenhills, a small portion of Springfield Township (Bastion Tract), and Winton Woods Park.

Greenhills residents. For fire runs, the Greenhills Fire Department participates in the CAD (Computer-Aided Dispatch) provided by the Hamilton County Communications Center, which dispatches the appropriate number of fire units in all jurisdictions based on predetermined run cards, which often pulls multiple units from multiple jurisdictions based on the magnitude of the call.

The Greenhills Volunteer Fire Department has 35+ members who are State of Ohio certified in Emergency Medicine as EMT-Basic and a minimum of Fire Fighter 1A. In 2007, there were a total of 9,646 volunteer hours logged.

The Greenhills Volunteer Fire Department maintains an ISO<sup>2</sup> rating of four (4).<sup>3</sup> Due to its all volunteer nature, the Greenhills Fire Department's budget is mostly devoted to pay for equipment replacement, insurance, and training. In 2007 total expenses reported were \$128,498.94. The fire department operates from a 2.5 mil continuing levy that was just passed in 2008 by a 79% margin by the citizens of Greenhills. This levy generates the necessary funds to operate the fire department.

The fire station has been in use since 1962. Some additions have been made to the facility over the years, but it lacks modern amenities that would provide for such basic needs as separate male and female showering facilities, for example. The station also is not conducive to sleeping arrangements for on-duty crews. Fire fighters continue to respond from home while on duty. These are issues that are pertinent to any long-term Village plan.

The challenges of staffing the organization with volunteers remain significant. Recruiting and retention remain a top priority of the fire department leadership. It must also be noted that almost every other community in Hamilton County has given in to these challenges, and now have some sort of career or combination departments with paid members, or at minimum, volunteer departments that compensate their staff.

<sup>2</sup> ISO (International Standardization Organization) collects information on municipal fire-protection efforts in communities throughout the United States. In each of those communities, ISO analyzes the relevant data using our Fire Suppression Rating Schedule (FSRS). We then assign a Public Protection Classification from 1 to 10. Class 1 generally represents superior property fire protection, and Class 10 indicates that the area's fire-suppression program doesn't meet ISO's minimum criteria.

<sup>3</sup> Greenhills Fire Department Annual Report – March 19, 2008

The Village of Greenhills owns the building and equipment. The Volunteer Fire Department (a separate 501 (c )(3) non- profit organization, not a Village sponsored Department) provides the personnel. That is the reason why the Volunteer Fire Department signs multi-year contracts with the Village.

### Greenhills Police Department<sup>4</sup>

The Greenhills Police Department is an accredited law enforcement agency by the Commission on Accreditation for Law Enforcement Agencies (CALEA)<sup>5</sup>. In a March 25, 2008 Cincinnati Enquirer article the headline read “Police Department called model for small agencies”. The article indicated that the Commission on Accreditation for Law Enforcement Agencies felt that The Greenhills Police Department could serve as a model for a well-run small department. CALEA Program Manager Christie Goddard indicated that Greenhills opted to choose the full accreditation process meaning that they voluntarily chose to come into compliance with all 459 of the standards. Mrs. Goddard stated that “they did a good job”. Mrs. Goddard also added that “Greenhills successful accreditation is definitely a testament to its status as a model for a well run small department.”

Originally, the police were tasked with only the prevention of crime and the arrest of violators. However, this has changed. The police are now expected to not only deter crime and arrest violators, but to also provide education and social services to the community they serve.

The Greenhills Police Department currently has ten police officers on staff including the Police Chief and one Mayors Court Clerk Accreditation Manager.

The Greenhills Police Department owns four cruisers and two bicycles. Three officers are certified to patrol on bike.

<sup>4</sup> Greenhills Police Department. Annual Report 2008

<sup>5</sup> The purpose of CALEA’s Accreditation Program is to improve the delivery of public safety services, primarily by: maintaining a body of standards, developed by public safety practitioners, covering a wide range of up-to-date public safety initiatives; establishing and administering an accreditation process; and recognizing professional excellence. In the State of Ohio there are over eight hundred law enforcement agencies comprised of state, municipal, township, and village law enforcement agencies. Of those eight hundred agencies only fifty two of them are CALEA Accredited agencies. In Hamilton County there are only nine CALEA Accredited Agencies and the Greenhills Police Department is one of those nine.

The Greenhills Police Department responds to all calls and incidents for service. The Police Department responded to 1428 calls for service (via dispatch and telephone) and 4,940 Officer initiated activities in 2008.

The Uniform Crime Report gathers official data on crime reported by law enforcement agencies across the United States to the Federal Bureau of Investigation. These figures represent actual offenses where a report was taken and the crime can be substantiated. Based on the data from the report Greenhills has a very low incidence of violent crimes.

“In the future, the Greenhills Police Department shall continue to strive to keep up with evolving law enforcement trends and new technology, keep abreast of new laws that affect the citizens which we serve, respond quickly and professionally to calls for service, and we shall take responsibility for our actions and address our shortcomings in a professional manner,” states Chief of Police Doyle in the Department’s Annual Report.

## Schools

Greenhills is part of the Winton Woods City School District. Prior to 1992, the local school district was called Greenhills-Forest Park City School District. Greenhills High School was merged with Forest Park High School in 1992 and was renamed Winton Woods High School.<sup>1</sup> The high school is located at 1215 West Kemper Road in Forest Park. Within Greenhills, there are two public schools: Winton Woods Primary North at 73 Junefield Avenue, and Winton Woods Middle School at 147 Farragut Road. Many residents within the Village of Greenhills supported an effort to reverse the high school buildings merger with a ballot issue in August, 1992. The issue was defeated by District voters 76.2% to 23.8%.
