

# Officer Cody Ritchie

## *Patrol Officer*

**1. How long have you been with the Greenhills Police Department?**

I have been with the Greenhills Police Department since September of 2018.

**2. What kind of other jobs have you had, and where were they?**

I worked at various automotive shops, drove a tow truck, delivered furniture and installed all the equipment on police cars and fire vehicles. Every job I worked left me feeling empty and I finally decided it was time to stop talking about it and to chase my dream of becoming a police officer.

**3. What was the best case you ever worked on?**

I haven't had any case stand out to me. I feel that each case is important and should get my best effort to solve it.

**4. What things do you love or like about Greenhills?**

The small town feeling. Everyone seems to know each other which I believe gives the village a true community feel. Everyone looks out for each other. When looking at what departments to apply to, this is one of the things that made the Village of Greenhills stand out to me.

**5. What do you see as Greenhills' biggest issue and how do you feel it should be fixed?**

I see drugs being a major problem not only in our community, but every community. Drug use seems to be a foundation for other criminal activity. Things that I think can help the drug problem are education and good old police work. Educate the youth and give them opportunities like summer programs, after school activities or weekend entertainment. Good old police work to help prevent and remove drugs that are in the town or passing through.
