Be on the lookout for a person damaging parked cars with a permanent marker

We have investigated several incidents this month of a man who has damaged parked cars in the "I" section with a permanent marker. The cars have been properly parked in driveways near the sidewalk.

On March 19th at approximately 3 PM, a resident in the "I" Section called to report that she observed a white male, about 5'10, with gray hair, wearing a blue sweatshirt and blue pants walking down her street. He damaged her car with a black marker. On the same date at about 4 PM, the same man was observed down the street doing the same thing to another vehicle. We have one of the incidents on video, and here are several screen shots of the suspect:

Please call us at 825-2101 if you can identify this man or have information that would help us to identify him.

If you see something, say something! If you see someone acting suspiciously in your neighborhood, call us immediately so we can check it out while the suspicious act is still occurring. We would rather check on something that turns out to be okay than miss the apprehension of a criminal. Call us at:
