

Officer Rob Lenhoff

Patrol Officer

1. How long have you been with the Greenhills Police Department?

I have been with the Greenhills Police Department since August 15, 2016.

2. What kind of other jobs have you had, and where were they?

I have worked in a variety of fields, from the food industry to the construction field. I started working at McDonald's when I was 16 years old, and soon after I started there I realized that was not the job or place for me to work during high school. I moved on to a local sports bar in the town I grew up in. I even worked there while I was attending the police academy. Before I joined the police academy, I was working construction. I felt like that was where I was going to spend the rest of my life. The pay was good, but I was not satisfied. I wanted to help people, so I joined the police academy.

3. What commendations have you had?

Since I have not worked for Greenhills very long, I haven't had the chance to rack up the commendations like other officers. However, I have received a few letters from citizens of the village and neighboring departments. The letters from the citizens bring me a sense of enjoyment because to me it means I made the right career move.

4. What was the best case you ever worked on?

With being here for roughly a year, I only have a handful of cases with none of them taking the crown of "best case." Ask me this question again in a year and I will be able to give you a much more exciting answer!

5. What things do you love or like about Greenhills?

I think the best thing about Greenhills is the history here. In applying for the job, I read a lot about the history of the village. Rexford Guy Tugwell envisioned the idea of a "greenbelt" community long ago and it is still something that people want. That is pretty cool!

6. What do you see as Greenhills' biggest issue and how do you feel it should be fixed?

I think one issue that affects everyone is the "p-word." Parking! I think one solution to the issue could be just taking a deep breath. Yes, it can be aggravating to have some teen park in "your general area", but parking is a civil matter. Also remember that this village was envisioned when very few families had cars.

7. What do you want people to know about the Greenhills Police Department?

The biggest thing that I would like everyone to know about GPD is that we are human. I try to display that as much as I can with my policing style. Please come talk to me during my shift. It will help me learn the community better, and it will give you a chance to know me. Furthermore, our department does everything with the citizen in mind.
