Dear Greenhills Resident:

On behalf of the officers and staff of the Greenhills Police Department (GPD), I would like to welcome you to our community. The GPD operates 24 hours a day, 7 days a week, 365 days a year and has the distinction of being certified by the Commission on Accreditation for Law Enforcement Agencies (CALEA) for its voluntary commitment to a set of professional standards recognized internationally in the law enforcement community.

The GPD is a participating member of the Hamilton County Police Association Mutual Aid Agreement, meaning that we share certain services and police powers with most other municipal corporations and townships within Hamilton County. In addition, we have available to us the specialized services of the Hamilton County Sheriff's Department and a multitude of enforcement agencies of the State of Ohio. We believe in the spirit of cooperation and a unified effort to maintain the safety of our citizens.

While we strive to maintain a safe environment in which to live, no community is immune from crime. We need the support and assistance of our citizens. We ask that you remain vigilant and aware of your surroundings. Report to the GPD anything that appears out of the ordinary to you. Trust your instincts: if it appears suspicious to you, chances are that you are right! If you are going on vacation, the GPD will check your residence while you are away.

The GPD is a supporter of the Greater Cincinnati/Northern Kentucky Crime Stoppers organization and encourages you to visit their website at www.crime-stoppers.us and to follow their reports on most of the local television or radio news stations. You can make tips on crimes to them by calling 513-352-3040 (or if you have a tip related to drugs, 513-352-3715); by texting "CINTIP PLUS YOUR TIP" to CRIMES 274637; or submit your tip online. You will always remain anonymous. Crime Stoppers is not a law enforcement agency, but rather a non-profit organization that supports law enforcement.

To learn more about the Greenhills Police Department, please explore the remainder of our website. There you will find a wide variety of topics including news, current events, and crime prevention articles.

Again, welcome to our community. Should you need assistance of a non-emergency nature or information, please contact us at 513-825-2101. In an emergency, always call 911.

Sincerely,

Neil R. Ferdelman
