

COMMUNITY TREE CARE AWARDS

The Village of Greenhills has been designated a Tree City USA for many, many years. Our community recognizes that trees are a valuable resource that provide environmental, social and aesthetic benefits to the Village.

But it takes a Village to maintain a healthy tree canopy! The Greenhills Tree Advisory Board would like to recognize and reward individuals, groups or businesses who take the initiative to preserve existing trees or plant new trees in the Village.

Guidelines for Tree Awards

The Greenhills Tree Board will accept letters of nomination for projects that include tree preservation, tree planting, tree, environmentally sound site planning, or educate the public about trees.

Examples of possible nominations include:

- Careful repair/replacement of sidewalk to protect tree roots
- Regular professional pruning a trees
- Planting of a substantial number of new trees
- Incorporating a new landscape plan that includes the careful selection and planting of trees

Nominations

To submit a nomination for consideration, please complete the form on the opposite side of this handout.

Nominations should be submitted to the Greenhills Tree Advisory Board, 11000 Winton Road, 45218, by the end of each calendar year. Award winners will be announced in February and recognized at the annual Arbor Day celebration in April.

Additional nomination forms can be obtained by visiting www.GreenhillsOhio.US
